A NOTE FROM THE INVENTRESS

I am often asked why I invented DOC DASH. DOC DASH is the manifestation of tragic inspiration.

In 2016, shortly after the tragic murder of Philando Castile, I received the vision for DOC DASH and its purpose. Intimidated by the process, I told God it was too big for me and put it in my drawer.

As time passed, I watched as police officers and civilians prematurely lost their lives during police engagements.

One day, I noticed everyone's children were playing outside except for mine. I took my girls to a nearby tennis court and tried to engage them in play, but they resisted. Later that night, my youngest daughter came to me and confessed that they didn't want to play tennis because they saw a police officer and thought they were going to be shot and killed right there on the tennis court. The anger and secret terror in that moment propelled me into action. Equipped with only the vision I was given, I decided to trust it and began the process.

DOC DASH is now a patented communication system, the birth of an industry, and is positioned to become the gold standard for safety. Through this publication, my goal is to educate, inform, and empower readers to not live in fear but to live out loud with purpose. Brighter days are ahead!

Sincerely

Kimberly St. Clair

The Inventress

THANK
YOU

Thank you to this beauty right here! Kibibi St. Clair (my 2nd oldest). She has become my production manager, assistant and roadie. I couldn't do any of this with out you! ❤

It's a family affair 😊

We invite you to join us in transforming the landscape of police engagement and road safety.

OTEKA SOLUTIONS is our 501c3 that expands our reach with charitable giving. Your financial support will enable DOC DASH to give out DOC DASH units, expand our groundbreaking protocols and educational workshops, fostering safer and more respectful interactions between police and communities. Together, we can reduce the risks and volatile outcomes during police engagement, ultimately saving lives and promoting mutual understanding. No donation is too little or too small. Thank you in advance ❤️

DOUBLES DOC DASH GRANT

The Missouri Department of Transportation (MoDOT) has agreed to double their funding for DOC DASH during the 2024-2025 fiscal year, to expand their Protocols to Police Engagement workshops throughout the state of Missouri.

Last fiscal year (2023-2024) DOC DASH was awarded \$30,000 through the Highway Safety and Patrol grant, to facilitate Protocols to Police Engagement Workshops throughout the state of Missouri. Kimberly St. Clair, Inventress and Owner of DOC DASH, met with Mr. Nave, Principal at Normandy high school (Michael Brown's high school) to discuss the workshop's curriculum and its alignment with the Missouri state curriculum standards. Mr. Nave immediately saw the value, made schedule arrangements with his administrators, and within a week, the workshops began. DOC DASH exposed all 631 scholars to the DOC DASH experience and gave all seniors and driving juniors a DOC DASH unit. The impact of the workshops caught the attention of local media and exceeded the expectations of all.

Following the success of these workshops, MoDOT has solidified its partnership with DOC DASH, doubling the grant to \$60,000! We look forward to expanding our reach, increasing impact and spreading the DOC DASH LOVE throughout St. Louis and beyond.

DOC DASH Forges Lasting Connections at the Ethical Society of St. Louis

June 18, 2024

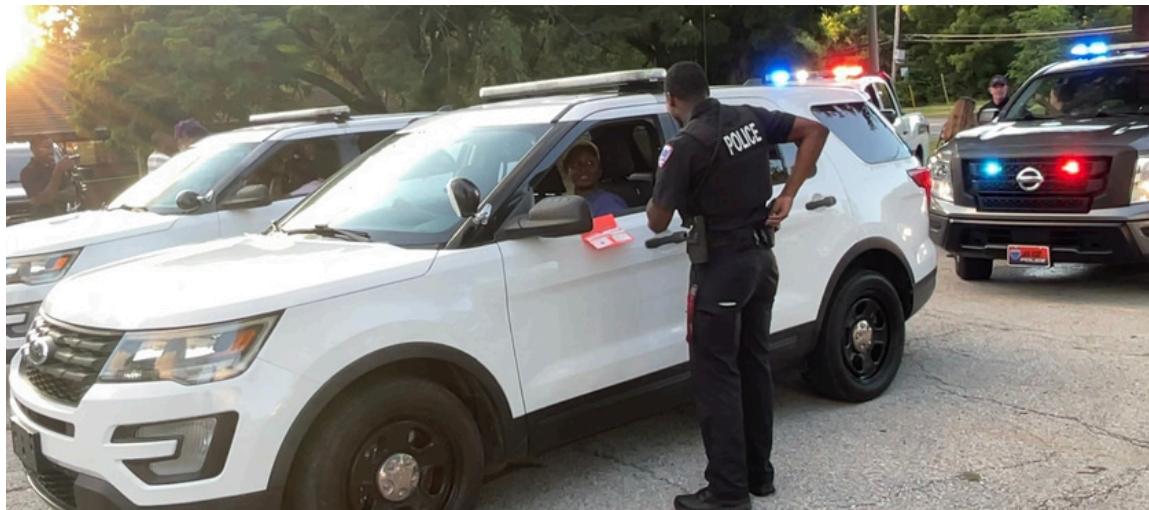

DOC DASH recently had the privilege of presenting to the men's group at the Ethical Society of St. Louis, marking an hour filled with engaging discussion and meaningful discovery. Our presentation focused on the innovative communication system and its potential to revolutionize police engagement protocols. The Ethical Society's members welcomed us with open arms, eager to understand the intricacies of our work and the impact it has on communities. Their insightful questions and enthusiastic responses highlighted a shared commitment to fostering safer and more respectful interactions between civilians and law enforcement.

The warm reception we received at the Ethical Society of St. Louis underscored the value of our mission and the potential for impactful collaboration. Recognizing the importance of our initiative, the members expressed strong interest in supporting and promoting DOC DASH within their networks. This positive engagement not only reinforced our resolve but also paved the way for future partnerships and collaborative efforts. We are excited about the prospect of working together with the Ethical Society to advance our shared goals and create lasting, positive change in the community.

Traffic Stop Role Play with DOC DASH

Citizen's Police Academy

North County Cooperative June 26, 2924

Chief Buchanan of the North County Cooperative Police Department leads the Citizen's Police Academy at Vanita Park City Hall, welcoming residents from all municipalities. This academy provides citizens the opportunity to learn more about their community police department, various areas of law enforcement, and Missouri's civil laws. Additionally, it allows police officers to receive valuable input, assistance, and support from the community.

Chief Buchanan invited Kimberly St. Clair to the academy to introduce DOC DASH and to engage in role-playing scenarios using DOC DASH units. Additionally, the Chief purchased three units, which were awarded to participants in a raffle.**

SPOTLIGHT

Our DOC DASH spotlight shines on Chief Gary Hill, soon to be Dr. Gary Hill, the newest member of the DOC DASH team. Chief Hill is a highly decorated officer with over 26 years of experience in law enforcement. He currently serves as the Chief of Police and Director of the Law Enforcement Training Academy at Lincoln University. We are honored to have Chief Hill join our team.

DOC DASH STREETS

WSIE 88.7 FM RADIO WITH ROBIN BOYCE

Kimberly St. Clair sat down for an interview with legacy radio personality Robin Boyce at the [WSIE](#) radio station in Edwardsville, IL. St. Clair discussed the company's timeline, future impact and the momentum of support from local and state leaders. The full interview will air in July 7th @ 9:30am.

WORLD CUP PITCH COMPETITION

DOC DASH participated in its first pitch competition. Thanks to Tech STL, DOC DASH was one of over 100 companies that pitched their innovative ideas for an opportunity to compete at the World Pitch Competition in Silicon Valley this September, 2024. DOC DASH was not chosen to go forward, however grew a few inches from the experience

DOCING & DASHING

DOC DASH participated in the North St. Louis County Juneteenth Celebration, hosted by Chairwoman Shalonda Webb and Vice Chair Rita Heard Days. The theme was "Five Days of Black Joy."

The five days of festivities featured a State of Us luncheon with a panel discussion, neighborhood beautification projects, a worship service, music festivals, and more. These events were well attended by community members and civic leaders, making for a vibrant and impactful celebration.
